# PREFACE

The editors and publishers of this new FAMILY DEVOTIONAL BIBLE are happy in providing a Book of superior value in the distinctive features of the Bible Text and in Aids for Bible Study. There are some 35 special features of Aids for Bible Study and Research. On the following page is a Chronological Table of Contents, listing these distinctive and valuable features.

In our arrangement of the Bible Text we have simplified Bible reading in several very remarkable ways not found in other Bibles. At the beginning of each of the sixty-six books comprising the Bible Text you will find an informative introduction and analysis of the book. Then in addition to the usual divisions of the various books of the Bible into chapters and verses, we have provided Paragraph Sections with appropriate Headings for each paragraph. There are approximately 4,000 of these Paragraph Headings, which form a complete Topical Outline for the entire Bible. Right under the Paragraph Headings in the four Gospels we have provided references to the other Gospels in every instance where two or more of the Gospel Writers have given accounts of the same incidents or teachings in the life of Christ. Thus the Bible reader has before him a continuous Harmony of The Gospels, and is enabled to refer instantly to parallel records in one or more of the other Gospels.

Another distinctive feature is that the chapters of the entire Bible have been numbered consecutively, and these chapter numbers are used for ready and quick use of Bible References given in the Cyclopedic Index.

Our text is in the Authorized Version, with the sayings of Christ in red. There are approximately 50,000 Center Column References. Also we have provided special markings (►) which point out all outstanding Messianic Prophecies in the Old Testament. New Testament references in which these prophecies are fulfilled will be found in the center column. These markings are of inestimable value in searching the Scriptures from a Messianic point of view.

In view of the fact that the 4,000 Paragraph Headings given in the Bible Text form a complete Analytical and Topical Outline of the entire Bible, the first feature in our Aids for Bible Study provides a complete Consecutive Listing of these 4,000 Paragraph Headings with the Index References given by Consecutive Chapter Number and verse number in which each Topical Heading appears.

The features dealing with our English Bible are comprehensive as well as factual. The history of English Translations clearly sets forth the superior value of this Version. The Calendar for Daily Bible Readings, covering the whole Bible in one year, will be found to be of unusual value. The same may be said of the List of Bible Stories for Young People; the chart on Messianic Prophecies and Their Fulfillment; the Name of God in forty-eight languages; the Character Building Chart; Commonly Used Expressions not in the Bible; and Familiar Christian Words not in the Bible. All these comparatively short features provide information of great value to every Bible Reader.

Other unique and highly interesting features are First Things Mentioned in the Bible; Bible Quotations Used by Great Statesmen and Orators; 33 Most Inspiring Chapters; What Happened to the Twelve Apostles; Laws of the Bible Classified; and Odd, Unique, and Unusual Facts in The Bible and about the Bible. Nothing similar or comparable to our chart on "Lenten Season and Easter" has ever been published. It is truly amazing!

But our supreme effort has been in providing Aids for Bible Study and Research which will enable men and women of all walks of life, Sunday School teachers, Christian workers, and just plain ordinary laymen to quickly and readily search the Scriptures and to correlate, understand, and adapt its teachings to their needs. We have placed unusual attention upon Helps which will contribute to the growth of Christians in Bible knowledge, in Christian character, and in Christian services.

Within this wide scope of Helps, our Alphabetical Cyclopedic Index holds a place of preeminence. In the compass of 125 pages complete information on every Bible character, historical event, place of importance, and topic has been given in analytical form with pertinent Bible references sustaining every item of information. This feature alone is worth the weight of the Bible in gold.

Of similar value is the simplified, comprehensive, and attractive section on the Life and Teachings of Christ. The chart on the Harmony of the Gospels is simple and complete; the listing of the Miracles, Parables, Sermons, Prayers, and Teachings of Christ on hundreds of subjects of practical every-day value are all unsurpassed for study.

The two articles on "Origin and History of the Hebrew People" and "Summary of Jewish History during the Christian Era" provide the most authentic and comprehensive information ever published in Aids for Bible Study. Nothing in religious literature is comparable to our Chart on Synchronous History of The Nations. Here you have available in simplified form information requiring research in all ancient history.

Climaxing all the Helps calculated to contribute to Christian growth and usefulness are the sections on "Making a Success in The Christian Life"; "Elements of Success"; and "Topical Bible Studies." These features are most attractively and differently arranged; they cover in the most comprehensive and pertinent manner every element of Christian living and Christian service. They consist almost entirely of Biblical quotations under analogies and by positive qualities and actions in contrast with negative qualities and actions touching every phase of human conduct.

All these Helps are supplemented by a Bible Dictionary of surpassing value; a Bible Concordance; and the most up-to-date maps of Bible Lands. Truly we are providing for you a most remarkable Biblical Library in one volume.

It is our sincere hope and prayer that this new FAMILY DEVOTIONAL BIBLE may be a heavenly benediction in thousands of homes.
